

Preliminary Amendment
§371 of PCT/FR2005/050765
Attorney Docket No. PSA0452159

REMARKS

The amendments to the specification have been made to correct obvious errors.

The amendments to the claims have been made to remove the multiple dependency of the claims, and place the application in better condition for examination.

The amendments to the drawings have been made to correct an inadvertent omission of the correct sheets of drawings in the PCT application, in that the erroneous sheets of PCT drawings have been replaced by the correct sheets of drawings, as presented in the French application FR 0452159 filed September 24, 2004, whose priority is claimed in this application. It is believed the priority documents has been transmitted by the International Bureau. Entry of the replacement sheets of drawings is respectfully requested under 37 C.F.R. 1.57(a). Cf. 69 F.R. 56481 (2005).

Claims 1-16 are pending in the present application. Claims 1 and 11 are the only independent claims.

In the event that any fees are due in connection with this paper, please charge our Deposit Account No. 502759.

Respectfully submitted,
